Dahlia Grower

GOLD ORE

TO MY CUSTOMERS — GREETINGS
for

A HAPPY AND PROSPEROUS NEW YEAR

I take great pleasure in presenting this, my 17th annual catalog of UP-TO-DATE DAHLIAS, containing as it does so many wonderful new varieties, many of them my own creations, several of which have been pronounced as fine as any, by visitors in my gardens this season.

Thanking you for your generous orders, friendly letters, and the many new customers received through you by your kindly recommending of my roots to your friends, I am,

Yours very truly,

CHAS. W. REDDING,

Gardens located in Plymouth, Mass.

Mail address, Bournedale, Mass.

Member of
Dahlia Society of New England,
The Dahlia Society of California,
The American Dahlia Society,
Mass. Horticultural Society.

LOCATION

Dahlias will grow and do well most anywhere if well cared for, but there are conditions under which they seem to outdo themselves. Certain locations, kind of soil, and amount of care given to them have a lot to do with the results. Select a well drained location where the Dahlias will have the full benefit of the sun and wind most of the day. Avoid planting close to buildings, thick hedges, or under trees as much as possible. Never plant on low wet ground.

THE SOIL

Light sandy soil makes the ideal soil for Dahlias, in fact rather sandy or gravelly soil if well fertilized, will give better results than a heavy or rich one, which will produce a rank growth but few flowers. If soil is heavy, spade a lot of coal ashes into it. Do not be afraid of using too much. A top dressing of lime or land plaster every other season will improve both growth and the Blooms. On sandy soil a planting of rye in the fall, to plow under in the spring about every third year is very beneficial.

PREPARING THE SOIL

Use a liberal amount of manure or commercial fertilizer and plow or spade well into the soil, or the ground can be plowed or spaded first and the manure or fertilizer put in when planting, mixing thoroughly with the soil in or around hole or trench where the roots are to be planted.

On light soils use manure one year and fertilizer the next, but on heavy soils use manure once in three or four years for the best results.

PLANTING

Dig holes three feet apart each way or if garden is large enough plow trenches three feet apart. This will save a lot of hard work. The manure or fertilizer, if not plowed in, can be thoroughly mixed with the soil about the holes or trenches. Place the roots flat in their places with their growing shoot pointing up, covering about five inches deep. Do not plant until the ground has become thoroughly warmed.

CARE OF PLANTS

Begin cultivation as soon as the plants are above ground, and keep the soil well cultivated and free from weeds until plants begin to bloom. Dahlias that are well cultivated will require no watering. When plants are about two feet high tie securely to stakes to prevent breaking by heavy winds. A good plan is to drive the stakes before planting. Cut Blooms frequently; do not let them fade on the plants. The more blooms you cut the more and better ones you will have.

DAHLIA PESTS

The Dahlia has very few pests. Spraying with Nicotine will generally take care of the aphids and white flies. The cut worm is very fond of the young plants and destroys a great many, but where strong Field Grown Roots are planted the sprout will continue to grow or send up new sprouts. This makes the plants about two weeks later in blooming. The up-to-date method of fighting this pest is with Vermine. This is a liquid gas which when applied to the soil will penetrate all through it, destroying the cut worms and a great many other troublesome pests.

EUROPEAN CORN BORER

This is a new pest that if not taken care of will do a great deal of damage in the Dahlia gardens. They should be watched for during the growing season and destroyed, and all stalks should be burned as soon as dry enough after the roots have been dug. All other weed and plant stocks of any description should also be burned in the fall. Deep fall plowing or spading is also recommended. It is also a good plan to burn over the grass about the gardens in the spring. When cutting up the roots in the spring all stocks should be removed and burned.

FIELD GROWN ROOTS

Buy Field Grown Roots if possible. They are the most satisfactory as they always give the best results. There are a lot of Dahlia plants being sold now which cost as much as good roots and are generally a disappointment. They require a lot of care and a greater part of them are lost through one cause or other. My stock consists of Field Grown Roots only. Each root sent out is guaranteed to be a sound growing root that will prove true to name. Customers will please notify me at once if roots are not as guaranteed so that I may rectify any mistake. I intend that every customer shall be pleased with my roots so that they will remain customers and make me new ones by recommending my roots to friends.

ORDER EARLY

Send in your orders as early as possible as the demand for some varieties often exceeds the supply, especially the newer varieties. Your order for roots will be appreciated, whether large or small, and will be carefully filled and packed before shipping. All orders acknowledged when received and filled in order of receiving. Do not hesitate to buy on account of distance, as Dahlias go safely to any part of America by Parcel Post or Express. All roots delivered free at prices quoted in catalog with the exception of the unnamed collections. Customers wishing to pay the express on roots will receive more than enough extra roots to pay for the extra cost to them. PLEASE USE THE ORDER SHEET WHEN ORDERING.

SUBSTITUTING

When out of any variety ordered I do not substitute unless satisfactory to the customer. Where this substituting is left to me I always send the nearest in color, often a better variety, never a lower priced or inferior flower.

REMITTANCES

Cash must accompany all orders. Remittances may be made in the form of P. O. Money Order, Express Money Order, Registered Letter, or Personal Check. Small amounts will be accepted in U. S. postage stamps.

FREE ROOTS

When ordering, if customers will send me a few names of friends who they think would be interested in my catalog, I will remember them with some extras for their kindness.

CARE OF ROOTS

Soon after the frost has killed the foliage cut the stalks off close to the ground. Select a warm sunny day when digging and allow them to dry in the sun most of the day. Handle them with care as they are easily damaged. When thoroughly dry place them in the cellar, arranging in a close pile with the stalks down, as they keep better in this way. Cover with dry soil or anything to exclude light and air. If cellar is heated they must be covered or they will dry up.

In the spring when they begin to sprout they should be divided for planting. Use a strong knife, cutting down through the stalk dividing the clump in halves, then separate each root, care being taken to have a part of the crown as it joins the stalk left on each root. Plant only one root to a hill.

NAMED VARIETIES

For the benefit of the customer not familiar with the names, colors, or types of the Dahlia, and wish to have me make the selection for them, I make the following Special Collections. These are made up from the very finest varieties that I can give at the prices, and have always given perfect satisfaction to those that have bought them. When ordering, if there are any favorite classes or colors preferred, mention them. Names of varieties must be left to me. Each Dahlia is labeled and guaranteed to prove true to name.

ORDER BY NUMBER

1—10	all different varieties, any class or color	\$1.00
2—20	all different varieties, any class or color	2.00
3—10	all different fine varieties, any class or color	2.00

12—50	all different a beautiful collection, any class or color ..	25.00

One-half of the above collections at the same rate

UNNAMED VARIETIES

In the handling of the roots many of the varieties lose their labels or are mixed in some way so that they can not be sold as named varieties. These are all good growing roots of varieties listed in catalog. Any one wishing a large bed of Dahlias at low cost that will give a fine display throughout the season will find these very satisfactory.

10—100	unnamed varieties, class, color or price unknown	\$5.00

DAHLIA SEED

Dahlias are easily grown from seed, and if started early in window boxes or hot beds, will bloom in the fall. Should not be transplanted to the open ground until June 1st. I have a few choice seed, selected from large double flowers only. Per package, 50c.

Seed from finest new giant varieties only. Per package, \$1.00.

Decorative Dahlias

- ALBERT WARD**—An enormous flower on an exceedingly long, bare stem. Color light purple. One of the largest dahlias grown. Distinct \$1.00
- AL KORAN**—A giant flower of graceful formation, petals beautifully arranged. Color yellow, suffused golden rod and amber. Habit upright \$3.00
- ALEX WALDIE**—A splendid introduction of beautiful color, creamy-white ground, overlaid salmon-pink. A beauty in both form and color \$1.00
- AMERICAN BEAUTY**—Color wine-crimson, shaded deeper. Large popular variety on good stems 25c
- R-AMERICAN WONDER**—A Charming new introduction of beautiful color, center of bloom tyrian rose, shading to tyrian-pink towards the tips, greatly admired. Very large size \$10.00
- AMITYVILLE**—An excellent variety for cutting. Good size, form and stem. In color a clear silvery-pink \$1.00
- AMUN RA**—Sensational new dahlia of distinct color and form. Color combination resembling a glorious setting sun; copper, orange and gold, deepening to a red dish bronze at the center. A giant bloom on erect stems \$1.00
- BEN WILSON**—Color orange-red, very lightly tipped with yellow. One of the largest; an early and free bloomer on stout stems \$1.00
- BERTHA JOST**—This new dahlia is one of the most beautiful grown. The color is soft yellow with a pink suffusion that deepens to a burnt orange at the center. A beauty of large size \$2.50
- R-BESTYET**—A new, giant flower of distinct formation and striking color combination; clear red with reverse of petals yellow. The petals being so folded that the blooms look about half red and half yellow \$5.00
- R-BIG BOY**—A large, heavy flower of distinct form, its petals beautifully cupped. Color deep crimson \$1.00
- BILTMORE**—Excellent garden dahlia, its contrasting colors making an attractive display in the gardens. Color carmine-red, heavily tipped white \$2.00
- BONNIE BRAE**—A real beauty. Color cream, shaded blush pink. The exquisite color combination of this variety must be seen to be appreciated. One of the largest grown. A free bloomer on fine, long stems \$1.00
- R-BOB WHITE**—Deep crimson, distinctly tipped white. Blooms of large size and held upright on long stems. An unusual attractive variety \$2.00
- R-BOY SCOUT**—Excellent for cutting. Color mauve-pink. A very free bloomer, long stems, good keeper 50c
- BREEZE LAWN**—This remarkable dahlia must be seen in bloom to be appreciated, the brightest spot in the garden. Color a brilliant, fiery vermillion. Always loaded with blooms 75c
- R-BUDDIE**—An immense, new introduction of true decorative form, always full centered. Color mauve \$1.00
- BULL MOOSE**—Large fine flower. Color crushed strawberry. One of the earliest and freest bloomers 50c
- R-BUTTERSCOTCH**—A distinct, new variety, both in color and formation, erect on straight stems. Color a pleasing creamy-buff shade \$2.00
- CALIFORNIA SUPERBA**—An irresistible flower, its enormous size and beautiful color, appealing to everyone. Color light pink, shaded to white at the center. An exhibition flower of the highest rank. Free bloomer on extra fine stems; never shows an open center \$1.00
- R-CAPE COD**—An ideal flower of true decorative form and erect on straight stems. Color creamy-tan, delicately tinted with lavender at times \$2.00
- R-CAPTAIN ERI**—Distinct, new variety. Color a striking light orange shade that attracts attention at once. One of the freest bloomers 75c
- R-CAPTAIN NEMO**—A new variety that blooms very early and freely. Erect on straight stems. Color old gold, shaded flesh-pink 50c
- CARMENCITA**—A lovely variegated variety. Blooms large size, excellent for exhibition. Color yellow with just enough crimson markings to give a very pleasing effect \$2.00

VARIETIES MARKED (R) ARE OF MY OWN INTRODUCTION

- CHAMPAGNE—This new dahlia from California is perfection. A great, big, wonderful beauty that is held perfectly upright on a very strong stem. Color warm autumn shades, burnished copper to dull golden-champagne and chamois .. \$2.50
- CATHERINE WILCOX—A flower of refined form and most attractive color; white, the points of the petals tipped bright cerise. Greatly admired .. \$1.00
- CHARM—One of the most attractive dahlias in cultivation. Color a very striking combination of yellow and deep, burnt-orange. Blooms of large size and deep, full center. Strong stems .. \$1.00
- R-CHIC—A beautiful new dahlia that is in great demand. Color bright, deep rose, a real live color. A giant Hybrid in form, blooms upright on good stems. One of the best \$3.00
- CHIEFTAIN—Color yellow, overlaid rose, mottled carmine, many of the blooms come a solid soft carmine 50c
- CITY OF LAWRENCE—A new giant that is attracting a lot of attention. Color picric-yellow, shading off to a lemon yellow. Very fine \$5.00
- CLAIRE KULP—Color cardinal with garnet shadings, base of petals bright yellow. Petals rolled and twisted 50c
- CREAM KING—An incomparable flower that is a general favorite. One of the largest, a perfect exhibition dahlia. The color is a soft cream shading to primrose at the center \$1.00
- DAKOTA—Color flame. Large, full double flower on straight stems 75c
- DEE-LIGHTED—This dahlia has always attracted a great deal of attention. The dahlia with the "Roosevelt" smile as it is caricatured, the unusual formation at the center suggesting its name. One of the largest and most satisfactory of the pure white decoratives 50c
- R-DANGER—A new giant flower of massive formation. Color orange-scarlet, often tipped white \$2.00
- R-DEUTSCHLAND—A sport from the well known "Tenor Alvarez," having the same graceful form and giant size. Color deep, rich, velvety maroon 75c
- DR. MARSHALL HOWE—A magnificent large variety that will be hard to beat. Color light pink, shaded to deeper pink on the outer petals \$2.00
- DR. TEVIS—An American novelty of highest rank, winner of many prizes. Color salmon-rose, suffused old rose and apricot. The blooms are immense and are freely produced on good stems .. \$1.00
- DELICE—Color bright luminous pink. Blooms upright on good stems 25c
- D. M. MOORE—A giant variety that is very popular. Color deep maroon-crimson, almost black. One of the earliest and freest bloom, always perfectly full centered. Plants dwarf 35c
- DOROTHY ROBBINS—Color yellow-buff, shaded to carrot red. Large and fine, erect on good stems \$1.00

- R-MISS DIMITY**—In this new introduction we have something different. Color pure white, thickly pencilled with crimson, a very dainty, beautiful flower. A wonderful bloomer \$1.00
- MISS STREDWICK**—One of the finest true cactus dahlias, large, and perfectly incurved. Color yellow at the base, shading to a soft pink, and again to a lighter shade. A model flower 75c
- MRS. BRANDT**—Incurved variety, large size and finely formed. Color salmon-buff, shading to yellow at the base. An excellent garden dahlia 50c
- MRS. CAYEUX**—Color deep pink, shading to white. An extra good cutting variety, blooming freely on a good stem. Habit upright 35c
- MRS. FERDINAND JEFFRIES**—Color deep velvety garnet. An artistically arranged flower that is always admired. Plants dwarf. Free flowering 35c
- R-PETRONELLA**—Color a lovely rosy-red combination difficult to describe. An incurved variety of medium size, a free bloomer \$1.00
- PIERROT**—Color deep amber, shaded to yellow, distinctly tipped white. One of the largest and finest cactus dahlias grown. Habit of plants upright, holding the giant blooms well up 50c
- R-PRIMROSE**—An attractive new cactus dahlia that is very satisfactory. Large, free flowering; color clear primrose-yellow. Garden dahlia 75c
- RHEIESCHER FRCHSINN**—A strikingly beautiful dahlia of perfect incurved formation. Color bright carmine-rose, shaded to white towards the base. Upright habit, good stems 75c
- RED COAT**—Color a bright glowing red. An exceptionally fine garden dahlia. Branches freely and is always loaded with flowers 35c
- RHEINKONIG**—A pure snow-white flower, often classed as a hybrid. Free bloomer, medium size 25c
- ROBIN**—A miniature cactus, seldom measuring over two inches in diameter, a perfect little cactus. Color robin-breast red 35c
- ST. ELIAS**—Color pure white. Large and fine, blooming very freely on good stems. Incurved cactus 50c
- SCORPION**—An incurved, English cactus of very irregular formation, petals greatly twisted over the center. Color pure light yellow 75c
- SPRINGFIELD**—A splendid variety for the garden or cutting. Plants dwarf, very free flowering with good stems. Color amaranthine-red or violet-rose 35c
- SHERLOCK**—Color orange-scarlet. Plants of dwarf growth but produces giant flowers in abundance 25c
- SWEETBRIAR**—Everyone admires it for its exquisite color, a deep, rich pink shade. Blooms of good size, erect on stout stems 50c
- WASHINGTON**—An incurved, English variety of the highest rank. Color deep crimson. A giant in size, freely produced on long, wiry stems \$1.00
- WINSOME**—Large full flower of creamy-white color. An excellent garden variety, blooming freely 25c
- WOLFGANG VON GOETHE**—Color bright coral. Blooms large and of distinct form. Always admired 75c

BREAK OF DAY

HOW TO KEEP BLOOMS

Dahlia blooms for exhibition should be cut late in the evening or very early in the morning. Select blooms that have freshly opened and place the stems into boiling water for about 12 seconds and then immediately into cold water. Keep in a cool place until wanted.

BLOOMS FOR EXHIBITION

Stake the plants, use a liberal amount of rotted manure and cultivate frequently. Bone meal worked into the soil about the plants when beginning to bud is very beneficial. Allow only one stalk and remove all but the main bud on each stem. If soil is dry give them plenty of water, but soak the ground thoroughly about the roots.

DAHLIAS GROWN FROM SEED

Dahlias will bloom from seed the first year. They can be started early under glass and transplanted to the open ground the last of May. Or they can be planted in the open ground about the first of June and the greater part of them will bloom before frost. It is a great pleasure to watch them grow and see the new blooms open, every one different. The new wonders of today are grown from seed in this way.

DAHLIA LABELS

So many customers write me for dahlia labels that I keep a large stock on hand to supply them. They are sold in lots of,

100 Copper wired, painted,	\$1.00
1000 Copper wired, painted,	\$4.00

Paeony-Flowered Dahlias

- R-AMBER GIANT**—A giant flower of very graceful formation, the petals extremely long and loosely arranged. Color deep rich amber, shading to orange 50c
- R-ATTENTION**—A striking new Pæony that attracts the immediate attention. Color orange, heavily tipped pure white, very regular. A large fine flower, erect on good stems \$2.00
- BERTHA VON SUTTNER**—This giant dahlia is one of old favorites and is always oversold. Color a lovely shade of salmon-pink, delicately overlaid yellow. Pæony decorative, many of its blooms coming full centered 50c
- BILLIONAIRE**—A wonderful variety. Its color is wonderful, its form is wonderful, its size is wonderful, and the plant itself is wonderful. This wonderful, gigantic flower is wanted by most everyone who sees it. One of the most satisfactory pæony dahlias, excellent for garden or for exhibition. Color pure gold .. \$1.00
- BLUE BIRD**—An exceptional color of the deepest tone of lilac, which in certain lights has a bluish sheen. A huge blossom held on long, stiff stems, well above the foliage 75c
- CECELIA**—Large and fine, color creamy-white, overlaid with a yellow sheen. A very free and early bloomer 35c
- CARDINAL MERCER**—An exhibition variety of the largest size, a heavy built flower of fine form. Color deep flesh-pink with light veins of canary shooting up from the base of the petals in the center, then appears a glistening sheen of the white flesh peach. A very beautiful pæony that is great in demand \$1.00
- CITY OF PORTLAND**—A grand novelty that is always admired for its wonderful formation and immense size. The largest and most beautiful pæony of its color, pure golden-yellow. The first few blooms are often full centered .. \$1.00
- DR. PEARY**—This wonderful dahlia is the finest of its color, its rich velvety wine-crimson or dark mahogany, its immense size and wonderful productiveness is unsurpassed by any other variety. A very graceful flower having long, beautifully waved petals. A great favorite ... 50c
- EDITH CAVELL**—One of the best of the English introductions, sometimes classed as decorative or hybrid cactus; in my fields the blooms are full centered until quite late in the season. Color old gold shaded, reddish-bronze. A fine, big bloom on an upright stem 75c
- ELIZABETH BOSTON**—An enormous pæony flowered dahlia, a tall grower, holding its giant flowers high up on a very long stem. Color deep crimson, shading to gold at the tips \$1.50
- ELSA**—An excellent garden or cutting dahlia, blooming very freely and having good stems. Pure white 35c
- FANTASTIQUE**—A new type, described as orchid-flowering pæony dahlia. Blooms of good size, petals very long, narrow, incurved and twisted in a manner of one of the orchids. Color deep wine-crimson, tipped and edged white 50c
- R-FULL MOON**—A large, bright yellow of attractive formation. Plants robust, branching freely, producing quantities of blooms all season 35c
- EMPRESS OF ASIA**—A distinct variety, a giant in size, with extremely long petals. Color deep old gold with a striking bronzy effect 50c
- R-FASTE**—A striking flower, wine-purple, heavily tipped white, very showy in the garden. Makes a nice bushy plant that is always a mass of blooms \$2.00
- R-GIRL SCOUT**—A gorgeous variety, immense in size, its extremely long petals making a very deep, graceful flower. In color wine, tipped white. Attracted a great deal of attention in the fields the past season \$5.00
- GEISHA**—The showiest and most popular of the pæony flowered dahlias. Color a rich combination of yellow, orange and red, a stunning mixture. Its form is original, its long, wavy petals curling and twisting in a very beautiful and artistic manner. Very large 75c
- GORGEOUS**—Well named, as it certainly is a gorgeous flower. Color bright yellow, beautifully blended with scarlet. Plants robust, branching freely, holding its enormous blooms well out on long, bare, cane-like stems. The demand for this beauty increases each year .. \$2.00

RAISE A FEW OF THE NEW GIANT DAHLIAS FOR EXHIBITION

- H. J. LOVINK—A beautiful dahlia, in color a lovely shade of mauve-pink, shading to white at the center. In form a large pæony-decorative, many blooms are full centered. Plants upright with blooms perfectly erect on long, straight stems. Free flowering 35c
- HON. H. L. BORDEN—A grand dahlia of large size, distinct form and color. Color a pleasing shade of golden-amber, shaded bronze and russet 50c
- JOHN D. ROCKEFELLER—An ideal dahlia for the garden or for cutting. A consistent bloomer on long, straight stems. Color a beautiful salmon-pink and amber blending 35c
- R-KNIGHT TITIAN—A huge flower, composed of very broad, loosely arranged petals. Color light, bright scarlet, irregularly tipped white. A striking variety, blooms freely 35c
- R-KATINKA—An attractive, new bi-colored pæony-decorative dahlia. Color crimson, heavily tipped pure white, varying in each flower 75c
- LADY CARDINE—A striking dahlia of pæony-decorative type, its blooms being quite full centered, almost a decorative. Color a medium rich carmine, each petal heavily tipped white to about half the length. A large, wonderful flower that makes a beautiful display when in bloom. Free flowering \$2.50
- LAURA EARNES—Without doubt this is one of the most popular pæony-flowered dahlias. Everyone stops to admire and praise its wonderful size and color. There seems to be no limit to the number of flowers that a single plant will produce of this variety. Color a beautiful bright orange shade 75c
- R-MAID OF JAPAN—Listed as a pæony-flowered dahlia but is really a single, having but one row of petals. A seedling of the dahlia "Geisha." Color much the same but a softer scarlet and yellow. Admired for its attractive color combination and attractive formation. One of the freest flowering dahlias \$1.00
- MME. COISSARD—A French novelty that is one of the most attractive of the semi-pæony or duplex dahlias. Color a deep cerise, suffused white, and with a broad halo of pure white around its center. Plants somewhat dwarf 50c
- MME. VARD—A stunning French dahlia of large size and striking color. A fine companion to the "Mme. Coissard," the size, form and habit of growth being much the same. In color currant-red, shading off to a bright yellow halo around the open center 50c
- MRS. BOWEN TUFTS—An excellent dahlia of large size and graceful form. Well liked for its unusual color, clear rosy-purple. Tall upright habit, blooming freely all season 35c
- MRS. CHAS. SEYBOLD—An attractive flower of distinct formation, resembling a full blown rose. Color rosy-pink, each petal edged white 35c
- MRS. HOWARD M. EARLE—Color yellow, shaded salmon-pink and carmine, tinted lighter at the tips. A very graceful artistic flower. Very free 75c
- NAID—One of the most delicate colored dahlias, cream tinted pink. Always admired for its lovely form and color. Described by the originator as a beautiful flower that resembles an immense water lily 50c
- NOKOMIS—A striking novelty of distinct color, yellow, suffused white, the whole flower thickly speckled and splashed with dark red. Very free 35c
- OVER THE TOP—A truly mammoth flower of unusual attractive color, a deep rose-lavender shade as near as it can be described. A wonderful variety in every way, its size, formation and free flowering habit being unsurpassed. One of the best pæony dahlias \$1.00
- PINK CROWN—Large graceful flower, somewhat like "Mt. Shasta" in color but more open centered 75c
- PEG O' ME HEART—Different both in form and color from any other dahlia. Its color is a beautiful shade of old rose with a golden suffusion. A splendid garden dahlia and for cutting. Requires constant cutting as it is one of the freest flowering dahlias 75c
- PEARL RUGGLES—An artistic flower of wonderful grace and beauty, one of the finest in this class. Color carmine-rose, suffused on a white ground, changing to a lighter shade at the outer edge of petals. Blooms of large size held well up on good stems \$2.00

- PACIFIC GLOW**—An extraordinary large, heavily formed flower with long and somewhat twisted petals. Fine for exhibition, winning many prizes as the largest dahlia in the show. Color pink with buff shadings at center \$1.00
- QUEEN ELIZABETH**—An excellent garden dahlia as well as a splendid variety for cutting and decorations. Its large, lovely flowers are borne in the greatest profusion, and are held perfectly erect on straight stems. Color a pleasing shade of soft lavender pink 50c
- QUEEN WILHEMINA**—A beautiful artistic flower of large size. Color pure snow-white. An early and free bloomer on long wiry stems. A plant of this variety will produce hundreds of blooms during the flowering season 25c
- R-RED WING**—Color clear crimson. An exceptionally fine garden dahlia that blooms in profusion the entire season. Fine bushy plants 50c
- R-RENE**—Color pure deep lavender, a shade that is always admired. The blooms are large and nicely formed and bloom freely on good stems. Many of the blooms are full centered 50c
- ROSALIE STYLES**—A colossal pæony. The largest and best of its color in this class. Beautifully formed, immense size, good stems and a continuous bloomer. In color a beautiful tyrian-pink, tipped lighter, the reverse pink. An ideal variety in the garden, for exhibition or as a cut flower \$1.00
- R-SALLY**—An enormous pæony-decorative, petals very long and loosely arranged, forming a very deep, quite full flower, a few of them perfectly double. Color golden-amber \$1.00
- R-SALMON QUEEN**—Color salmon-pink with yellow shadings. Blooms very large and perfectly formed, held high up on long stems 50c
- R-SNOWMAN**—New introduction. A new pure glistening white flower of refined form, its petals very broad and nicely arranged. The most admired white pæony dahlia in my fields \$1.00
- SAMOSET**—An extra good free flowering variety of upright habit, stems long and straight. Color soft yellow, shading darker, lightly suffused pink 35c
- SUNFLOWER GEM**—A distinct novelty. In formation somewhat resembling the sunflower, in color yellow with an orange center. Large size and erect on a very strong stem 35c
- SUSAN COE**—A splendid flower of perfect form and giant size, carried on long, stout stems. The outer petals are a pleasing shade of rose-pink, passing to a yellow center, and suffused salmon. Early in the season many of the blooms are perfect decoratives but later they all have the open center of the pæony \$1.00
- R-TERCENTENARY**—An immense, new variety of original form, about the broadest and flattest dahlia grown. The outer petals are very broad, the inner petals very irregular twisted over the center. Color a beautiful combination of flesh-pink and cream \$10.00
- R-TINTED BEAUTY**—A new pæony of the most graceful form imaginable, its petals beautifully waved. Color an exquisite blending of cream to salmon-pink. Large flowers on long, straight stems, borne erect \$5.00
- THOMAS GALVIN**—Color old gold, lightly tinted pink. A deep, heavy flower of attractive form. Tall free flowering, holding blooms high up 75c
- UNCLE SAM**—A wonderful new pæony of the largest size. Color orange-buff at the base of petals, shaded to bittersweet pink at the tips, overlaid with a golden sheen. Center petals curled and twisted, color mustard yellow, streaked rose-pink. Reverse side of petals spinel-red. Erect on good stems \$5.00
- R-VENUS**—Color pure golden-yellow. A remarkable dahlia in every way. Immense size, beautiful form and although one of the freest flowering dahlias it retains its large size throughout the season. Plants vigorous, branching freely making large, fine bushes 50c
- VIVANDIERE**—Cerise-carmine, shading lighter towards the tips of the petals. The flower has a peculiar velvety texture that makes it very attractive. Produces its giant flowers freely without any dis-budding. Excellent stems \$2.00
- R-YELLOW WARBLER**—A new pure yellow pæony on long, upright stems. A very striking flower that attracts attention from a long distance 75c

ORDERS LARGE OR SMALL WILL BE GRATEFULLY RECEIVED

Show Dahlias

- AMAZON**—A very showy variety, the contrasting colors making a striking display. Color golden-yellow, heavily tipped with bright red 25c
- ARTHUR LEFAVOUR**—A giant flower, one of the largest show dahlias. Color yellow, thickly striped and splashed with crimson, unique 25c
- BERTHA BERNSTEIN**—Very large double flowers on straight stems. Color pure light lavender 25c
- BONNY BLUE**—The nearest blue dahlia, color bluish purple. Blooms perfectly round balls, a very profuse bloomer on long straight stems. Excellent in the garden or for cutting 35c
- R-BLUSHING LADY**—An exceptionally fine large flower, upright on very good stems. Color pure white, delicately tipped lavender-pink 75c
- CLARA SEATON**—Color rich golden-bronze or apricot. An enormous hybrid show of perfect form. One of the best of the new shows 75c
- CREAM OF THE VALLEY**—Large distinct flower. Color creamy-pink, shaded gradually to crimson at the tips. Very attractive 25c
- R-CREAM PUFF**—A large new variety of perfectly round ball-like form. Color pure cream. Good stems \$1.00
- CUBAN GIANT**—A flower of large size, with deep full centers. Color a dark reddish-maroon 20c
- DOROTHY PEACOCK**—One of the finest in this class for cutting purposes. Blooms very freely on long straight stems. Color shell-pink shading to white 25c
- DREER'S WHITE**—Color pure glistening white. Large size with beautifully fluted petals. A splendid garden variety, as the plants are loaded with flowers the entire season. Quite dwarf 25c
- DREER'S YELLOW**—A grand, good giant flower of deep sulphur-yellow color. Stems long and straight, carrying the flowers well above the plants. The flowers open up slowly forming immense balls of perfect formation. A long keeper .. 50c
- R-EBENEZER**—Distinct new variety. Color deep red, tipped white, different from any other. A round ball-like flower on good stem 75c
- ESTELLE CHRISTY**—The best yellow show yet produced. An ideal flower of immense size, perfect full double form, long straight stems and free flowering. Excellent in every way 75c
- ELOISE**—An excellent cutting flower on long stems. One of the freest flowering dahlias. Color white, shading to pink at tips 25c
- FRANK SMITH**—One of the most popular show dahlias. Color very dark maroon, almost black, tipped pinkish-white. The contrasting colors making a very attractive flower 50c
- FRANK GOODMAN**—A very striking variety, large and loosely arranged petals. Color a deep purple shade, heavily tipped pure white 50c
- FRANK WALKER**—Color pink with lavender shadings. One of the freest bloomers. Fine for cutting 35c
- GEN. MILES**—The very largest and best of all the fancy show dahlias. Color light violet-rose, thickly striped and splashed with magenta. These wonderful giants are exhibition flowers of the highest rank. A grand show dahlia 75c
- GOLD MEDAL**—Color sunflower-yellow, heavily tipped oriental-red. A very striking combination that always attracts a great deal of attention. Blooms of good size, of very regular formation, are borne freely on straight stems 25c
- R-GOLD DOLLAR**—Giant hybrid show with beautifully fluted petals. The blooms are held rigidly erect on the best of stems. In color a beautiful golden-bronze, shading to buff 75c
- GRAND DUCHESS MARIE**—Color soft buff, overlaid with orange. Everyone admires this color. Plants vigorous requiring plenty of room 25c
- GOV. GUILD**—Best pure white show. An ideal variety for garden or cutting. Perfect round ball, a profuse bloomer. Pure snow-white 25c

- GOLDEN OPPORTUNITY**—A new beautiful variety from California that is perfect in every way, a giant in size, of wonderful full formation, perfectly straight stems. The blooms are held rigidly erect. Color buttercup-yellow, shaded to burnt orange at the center 75c
- HELEN HOLLIS**—Undoubtedly the largest and best bright red show dahlia yet produced. Its immense blossoms are on long, stiff stems well above the foliage, and perfectly formed 50c
- IVANHOE**—An enormous ball-shaped flower. Color pure white, beautifully edged with pinkish-lavender 35c
- JEAN KERR**—Color pure white. Extra fine cut flower, being perfect for that purpose. Blooms medium size, good form, long stem and free flowering 35c
- JOHN TOZIER**—Flowers of large size and perfect form throughout the season. Excellent stems for cutting. The color is a deep lavender, described by the originator as Bishop's violet 50c
- R-LEMON BEAUTY**—Color bright lemon. One of the freest bloomers. Plants require plenty of growing room 20c
- LUCY FAUCETT**—Color pale yellow, spotted and pencilled with deep pink or light magenta. One of the best in this class. Large, good stem and free 35c
- R-LOVELY NELL**—New introduction. Color cream beautifully shaded pink, a lovely blending of soft colors \$1.00
- MAUD ADAMS**—Undoubtedly one of the finest show dahlias, a model flower. Color pure white, very effectively overlaid clear delicate pink. Unsurpassed as a cutting variety. Its plants are a mass of blooms from early until late in the season. Fine long stems. Everyone should grow this beautiful dahlia 35c
- R-MANOMET**—A seedling from the well-known, giant dahlia "Gen. Miles," having the same large, perfectly full double form and habit of growth. Color deep purple. A grand dahlia 75c
- R-MONA**—In this new show dahlia we have a new color that is very difficult to describe, probably fawn-pink is the nearest, a lovely shade. The blooms are perfectly round balls \$1.00
- R-PATSY**—Large new variety of refined form, a big round ball-like flower with fluted petals. Color a very deep, rich shade of lavender 50c
- R-PEGGY**—Color a fine deep pink without shading. Fine round ball with tightly quilled petals. Plants low growth but free blooming 50c
- R-PROSPERO**—A distinct new novelty that attracted a lot of attention. Large beautifully formed flower on a perfect stem and blooms freely. Color best described as mulberry. A beauty .. \$1.00
- NORMA**—A beautiful colored show dahlia of the most perfect even form. Color a clear bright orange-buff shade that is most attractive 35c
- RED HUSSAR**—Clear cardinal-red. An exceptionally free flowering show that is desirable for cutting 15c
- STRADELLA**—Color deep purple-crimson. Perfect round ball 15c
- R-SNOW BALL**—New introduction. Large new show of the finest form, a perfect ball. Blooms very freely on long stems. Color pure snow white. Excellent for cutting, good keeper 50c
- R-TEDDY**—Color a light lavender at the base, shading gradually to deep lavender at the tips of the petals. Large fine flower of true type 50c
- R-THRILLER**—A new, distinct, fancy show dahlia that is different. The color is pure white, thickly speckled with deep pink. A very striking dahlia that attracts a lot of attention \$1.00
- THE AM. FLAG**—A very pleasing bi-colored show dahlia, sometimes listed as "Striped Banner." Color scarlet tipped with white 25c
- TILLAMOOK**—Large beautifully formed flower of perfect formation, its petals very tightly quilled and evenly arranged. In color an exquisite soft pink shade that is always admired 50c
- VIVIAN**—One of the most admired show dahlias. Color clear white, heavily tipped rose-violet. Very attractive ... 35c
- R-ZAZA**—A new model show, true type. Color pure violet 50c

Pompon Dahlias

- AIMEE**—A tiny little flower of compact form. Color a distinct shade of bronze. Extra good 50c
- AILLETS IMPERIAL**—A very attractive bi-colored pompon. Color cream, tipped with red 35c
- AMBER QUEEN**—A distinct attractive variety that is one of the most popular pompons grown. Its beautiful color, perfect form and long, straight stems making it very desirable. Color rich amber, shaded apricot 25c
- R-BABINO**—Color crimson-red. A fine new red of compact form, small round tightly quilled blooms 50c
- BABY**—A lovely little flower of perfectly round formation, one of the smallest in cultivation. Color lavender-pink to white at tips 20c
- BELLE OF SPRINGFIELD**—The smallest dahlia yet produced, its miniature flowers are seldom over one inch in diameter and are always perfection. The plants are low growing, averaging about 18 inches in height and are always loaded with blooms. A perfect little gem on long, straight stems. Color brick-red .. 25c
- BOBBY**—Color deep rich plum. The best of its color. Perfect little round balls. Very satisfactory 25c
- CLARA HARSH**—Color pure yellow, shading to crimson at the tips. A very popular pompon 25c
- DARKNESS**—Color very dark maroon, almost black. A model flower in every respect. Plants of upright habit with the longest of bare stems 35c
- DAYBREAK**—A very satisfactory pompon. Color same as the "Daybreak" carnation, a beautiful clear pink 15c
- R-DUFFER**—A very small variety of distinct color combination, amber and white in varying proportions 50c
- ELSIE**—Color the very daintiest possible shade of light pink. One of the freest flowering pompons 15c
- R-ELFIN**—A new pure yellow variety of extra good form, small and compact, with long stems 35c
- GRAUSS AM WEIN**—This variety is greatly admired for its beautiful distinct color, a lovely crushed strawberry shade. Plants quite dwarf 25c
- GANYMEDE**—A little gem of the most perfect form. Color quite distinct, amber tinted fawn, a lovely blending. Fine for decorations 35c
- GEO. IRELAND**—A lovely little flower of perfect formation. Color a very pretty mauve shade 35c
- GOLDEN QUEEN**—A grand good yellow pompon, exceedingly neat, compact flower on good stems and exceptionally free bloomer. Color the purest golden-yellow imaginable. Very popular 20c
- HYPATIA**—A very charming variety of beautiful color, salmon, shading to pink. Very fine 50c
- HARRY SNOOK**—Color a pleasing tint of clear rosy-pink, quite distinct and desirable 35c
- HILDA SEARL**—A new variety of very striking color, always attracts a lot of attention. Color is a beautiful shade of bright orange 35c
- IDEAL**—Probably the most perfect pompon of its color in cultivation, a pure clear yellow. Its tiny little flowers are of the most perfect form, and blooms very freely on long stems 35c
- JESSICA**—One of the most popular of this class and about the freest bloomer. Color amber-yellow, edged and tipped with red. Very attractive 25c
- JOE FETTE**—A new variety from California that ranks with the best for cutting. The perfect ball-like flowers are erect on long straight stems. Color pure glistening white 35c
- R-KEWPIE**—A little gem of the smallest size. A miniature ball-like bloom with tightly quilled petals. Color amber, tipped crimson 50c
